Hi David. I still support you and believe you have the legal power to shut Beachwood drive except to residents only.

My neighbors have provided you will ample information about the dangerous conditions that now exist.

Post police officers at the Beachwood village and make arrangements with the market to allow non resident cars to turn back down to Franklin.

David.. Make a decision today.

You have the authority. Turn back the cars and people that are creating a dangerous situation.

Please reply to me of your taking action.

I supported you with a elect David Ryu contribution and put elect signs in my yard for you.

Because I Believe In you.

Thank you.

Could you respond ASAP and cc Catherine and I.

Don,

I don't have the authority to shut down a street. That authority rests with LAPD and LAFD. The city attorney's office has been very clear on this issue. I have been working to change state law to allow for these circumstances.

My staff and I have been up there every day this holiday season including Christmas getting additional enforcement delivered and smarter ways to direct and lessen traffic.

I will continue to advocate for the neighborhood and for public safety. There is more to do but there have been substantially increased presence by all agencies during the holiday.
